Package B

Our most popular package! Includes everything in Package A plus the most sophisticated and cutting-edge album available- a magazine style coffee table album. This package showcases our unique style of editorial photography as described in several Bridal magazine articles that we've had published. This artwork will stay on your coffee table for years instead of gathering dust on the closet shelf. This album is about story-telling, emotion, fashion and art. Also ask to see our matching mini album for easy show and tell. Small enough to fit in your purse when you don't want to carry the larger album. Our albums include a combination of black & white, duotones, infrared, hand tinted and other artistic treatments. You invest money in fashion and beauty for your day and our detail photographs capture that beauty. The current price for this package is \$3695.00.

Package C

The premier package for those who want the ultimate in wedding photography, romance and a unique honeymoon destination. This package includes all of the above plus matching parent albums plus one week in the most romantic and unusual honeymoon condo at Club Ocho Cascades in Puerto Vallarta, Mexico. These condos were designed by the famous architect Edward Giddings; and feature waterfalls and flowers cascading from each private pool into the one below. Please visit our website for more photos of this spectacular and one of a kind package. The cost for this package is \$8995. However, keep in mind there is limited availability for this wonderful honeymoon.

Package D

Our newest package is based on a book we have printed in Japan. It's at a price point below our most popular albums with a unique commercial appearance.

The book is archival quality printed on 100lb weight paper with a glossy or matte finish. The standard size is 10 inches by 10 inches with smaller sizes available. This package has 36 pages of photographs, although more can be added in multiples of 10 pages. The front and back cover are full-sized photographs. Think of a picture book you might buy from National Geographic and you will have an idea of the appearance of this album. Of course package D contains all of the elements of Package A.

You can also add a discounted engagement portrait session and a studio bridal portrait session to this package.

\$3150.00 plus tax.
